

LAMINATED BEAMS

PRODUCER STATEMENT

This Producer Statement is issued by: Laminated Beams Ltd

For: Engineered Laminated Timber Products manufactured by the above company.

Address: 8 Ashley Place, Papamoa, Tauranga, New Zealand

Licence:

No.PMA11 is in compliance with International AS/NZS Standard 1328:1 & 2
Certification No.01

Laminated Beams Ltd has been a licenced timber laminating manufacturer for well over 30 years. Auditing takes place regularly by a 3rd party auditor who independently carries out very strict testing & auditing records 6 monthly.

The timber material for production is sourced from reputable licenced NZ timber chemical treatment suppliers certified in accordance with NZ 3640:2003.

Adhesive is purchased from certified companies in NZ.

All products are coated with a temporary **non-water based sealer** as per standards & licencing requirements, also labelled with post care & maintenance advice which must be adhered to.

Upon leaving the factory orders are covered for weather protection & transportation. We recommend recoating every 2 years.

Persons employed in the manufacture of products at Laminated Beams Ltd are experienced skilled laminators in the trade. We have a quality inspection system on final completion of lamination.

Laminated Beams Ltd takes no responsibility & warranty is made void if after care advice & maintenance is not adhered to. Please refer to website for more technical information:
